

RAJAE EL MONDIRY

FULL-STACK WEB DEVELOPER

Azemmour, Morocco · elmondiryrajae@gmail.com · github.com/RajaeElmondiry · LinkedIn: linkedin.com/in/rajae-elmondiry

PROFESSIONAL SUMMARY

Full-Stack Web Developer with hands-on training in modern JavaScript and PHP ecosystems, recently graduated from CMC Béni Mellal–Khénifra's Full-Stack Web Development program. Comfortable across the stack, from building responsive, accessible front-ends with React.js to designing relational databases and REST APIs with Laravel and MySQL. Delivered a multi-module scheduling application from database design through deployment, and built a production portfolio site with authentication-free integrations, dark/light theming, and CI-ready deployment on Vercel. Field experience collecting and validating operational data for a public infrastructure project has sharpened attention to detail and stakeholder communication. Now seeking a Full-Stack Developer internship or Junior Web Developer role in Europe to contribute clean, well-tested code within an Agile team.

TECHNICAL SKILLS

Languages & Frameworks: HTML5, CSS3, JavaScript (ES6+), React.js, PHP, Laravel

Databases & APIs: MySQL, REST API design & integration, relational database design

Tools & Practices: Git, GitHub, Responsive & Mobile-First Design, Agile/Scrum, Bootstrap, Vercel Deployment

PROFESSIONAL EXPERIENCE

Field Data Analyst (Fieldwork) | INNOV Engineering Consulting

- Collected field data for the Sustainable Urban Mobility Plan of Béni Mellal, supporting evidence-based transportation planning.
- Engaged directly with citizens to gather accurate, representative input, ensuring data integrity across multiple survey points.
- Verified and cross-checked collected datasets to maintain a high standard of accuracy for downstream analysis.
- Collaborated with multidisciplinary teams of engineers and planners, translating field findings into actionable planning inputs.

PROJECTS

Timetable Management System | Full-Stack Team Project

- Developed a web-based timetable management system to automate course scheduling and reduce timetable conflicts.
- Built a React.js front end with a Laravel and MySQL backend, implementing secure authentication and full CRUD functionality.
- Collaborated within an Agile team from requirements analysis to deployment, delivering a centralized scheduling solution.

Technologies: React.js · Laravel · PHP · MySQL · Tailwind CSS · Git · Agile

MZIWDA – Social Web Platform | Front-End Project

- Developed a scalable social platform interface using React.js and reusable component architecture.
- Integrated REST APIs to display dynamic content and improve user interaction.
- Focused on maintainable code structure, responsive design, and state management.

Technologies: React.js · JavaScript · REST APIs · CSS3

Universal Converters | Front-End Project

- Created an interactive web application combining color conversion and decimal-to-binary conversion tools.
- Implemented real-time calculations, input validation, random generators, and clipboard functionality.
- Designed a responsive interface demonstrating advanced JavaScript DOM manipulation.

Technologies: HTML5 · CSS3 · JavaScript · DOM API · Responsive Design

Age Calculator | Front-End Project

- Developed a responsive web application that accurately calculates age in years, months, and days.
- Implemented date calculations, form validation, and instant result generation using JavaScript.

Technologies: HTML5 · CSS3 · JavaScript · Date API

EDUCATION

Diploma in Full-Stack Web Development/ CMC Béni Mellal–Khénifra (2025 – 2026)

Web Development Training / OFPPT Béni Mellal–Khénifra (2024 – 2025)

Baccalaureate (2024)

CERTIFICATIONS

- Front-End Developer — Meta (2025)
- JavaScript — Meta (2025)
- Entrepreneurship — AQJ & Bidaya (2026)
- Digital Marketing — Training Certificate (2026)
- Climate Action — University of Leeds (2026)

LANGUAGES & SOFT SKILLS

Languages: Arabic (Native) · English (B2) · French (B1)

Soft Skills: Problem Solving · Critical Thinking · Communication · Adaptability · Fast Learner · Teamwork · Creativity · Time Management
