PROFESSIONAL SUMMARY

Motivated Full-Stack Development student with hands-on experience in web development, front-end technologies, and field data collection. Skilled in building responsive web applications with React.js, Laravel, and MySQL, and active in entrepreneurial and digital innovation programs. Strong communicator and team player, eager to learn and contribute to impactful technology projects.

PROFESSIONAL EXPERIENCE

Data Collection Intern *INNOV Engineering Consulting* 2026

- Collected and verified field data for the Sustainable Urban Mobility Plan (PMUD) project.
- Strengthened active listening, communication, and stakeholder-management skills.

Full-Stack Developer Intern *CMC Béni Mellal – Khénifra* 2026

- Contributed to a Web-Based Timetable Management System — analysis, design, and implementation.
- Built responsive, interactive UIs with React.js; applied Agile practices across the project lifecycle.

PROJECTS

- Timetable Management Web App — HTML5, Tailwind CSS, JS, PHP, MySQL, React, Laravel; CRUD, responsive design, secure DB.
- MZIWDA (Social Web Platform) — Front-End Developer; React.js, component architecture, API integration, state management.
- AgriTech Concept — Digital agriculture innovation project focused on sustainable productivity.
